Instructively cured and full vigor restored.

This dreadful disease is the penalty most frequent ly paid by those who have become the victims of improper indulgencies. Young persons are too apt to commit excesses, not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost soener by those falling into improper habits than by the prudent. Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arias. The system becomes deranged, the physical and mental powers weakened, nervous debility, dyspepsia, palpitation of the heart, indigestion, a wasting of the frame, cough, symptoms of consumption, &c. A Certain Disease.

When the misguided and imprudent votary of pleasure finds he has imhibed the seeds of this painting disease, it too often happens that an ill-timed sense of shame or dread of discovery deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitution all symptoms of this horrid disease make their apperance, such as ulcerated sore throat, diseased nose nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms blotches on the head, face, and extremities, progressing with frightful rapidity, till, at last, the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid obtent of commisseration, till death puts a period to his dreas ful sufferings by sending him to "that bourne from whence no traveller returns." To such, therefora Dr. Johnston pledges himself to preserve the most inviolable secrecy; and, from his extensive pracues in the first hospitals in Europe and America, he can confidently recommend a safe and speedy cure to the unfortunate victim of this horrid disease.

Certificate of Dr. W. Smith, of Pine Hill, Rich mond County, North Carolina.

PINE HILL, March 4, 1854.

Dear Sir: I have been a subject of Dyspepsia, in its worst form, for the last five years. Such was my condition for twelve months that the physicians and all who saw me said I must die. While in this condition, I was carried to the watering places in Virginia, Tennessee, and North Carolina, but was not benefited by any water to which I was taken. While on my way home, I stopped a week at Ruthertordton, a small village in North Carolina, to try the effect of some Chalybeate water in that place. About the last of the week I went into a drug store to get some medicine for my child and myself. There were several of the village physicians in the store, and one of them seemed to take some interest in my case, and, after asking me some questious, said he had been a dyspeptic, and had been greatly benefited by the use of "Hooffand's German Bitters," prepared by y-u, and he insisted that I would try the Bitters. He also called the next day at my room, and insisted so much that I would try them that I asked him to get me one bottle. He did it, and I commenced taking it as directed, and I was more benefited by it than all the water and medicine I had ever taken.

After reaching home, one of my neighbors came to me for a prescription and medicine, (he a dyspeptic,) and I gave him nearly all the Bitters I had left, which effected much good if his case. He has often called on me for more of the same kind of medicine, saying he was more benefited by it than any other he had taken, but I have not been able to get any more for him or myself since. Will you, therefore, please ship me a dozen or more as soon as possible.

Respectfully, yours,

Dr. C. M. Jackson, Philadelphia.
